From the Ground Up

A Cookbook by the Global Chefs
About Museums Connect℠

The Museums Connect program strengthens connections and cultural understanding between people in the United States and abroad through innovative projects facilitated by museums and executed by their communities. The program's mission is to build global communities through cross-cultural exchanges while also supporting U.S. foreign policy goals, such as youth empowerment, environmental sustainability and disability rights awareness.

Through Museums Connect℠, communities in the U.S. and abroad develop a broader knowledge about and understanding of one another's cultures. Throughout the year-long projects, museums and cultural organizations create replicable models for international collaborations that reach beyond their physical walls to directly engage members of their communities.

Museums Connect℠ is made possible by the U.S. Department of State's Bureau of Educational and Cultural Affairs and is administered by the American Alliance of Museums.
About From the Ground Up

*From the Ground Up* is a year-long collaborative project between Phipps Conservatory and Botanical Gardens and Gidan Makama Museum in Kano, Nigeria, focusing on food, nutrition, and culture.

This project engaged a core group of high school students—fourteen in Pittsburgh, and 17 in Kano—to work together in creating a handmade recipe book that reflects traditional recipes of their region or culture while learning about food nutrition, cooking, and traditions through the progression of following local food from "farm to table." Through the partnering institutions' educational outreach programs, these students worked together to grow and harvest edibles, cook meals, and reflect upon food cultures and systems. Phipps and Gidan Makama also partnered with local organizations and community members to lead cooking workshops and provide students with cooking skills.

The outcome of *From the Ground Up* is this recipe book which depicts the variety of recipes the students shared and cooked together. Through this project, it is our hope that the students have developed a deeper understanding of food and nutrition in their own and their partner's country, and cultivated the skills to grow and cook their own food.

I'm Alexis Smith and I go to Pittsburgh Creative and Performing Arts 6-12. I'm a visual arts major. And I believe that I'm an outgoing, intelligent, resourceful, creative, and beautiful individual. I love to cook with my mother for Sunday dinner and during the weekdays after school sometimes when I have time. My mother is Egyptian. She's from Aswan, but she grew up her whole life in Pittsburgh, PA. We eat lots of Americanized foods but we also cook traditional recipes from her family. My father is Native American and African American. We mostly eat his southern foods and his family recipes from down south. Food is the way to people's hearts, and we like to show people exactly what type of people we are through the foods we prepare. We gather around the table every day and take part in a bonding experience that's accompanied by delicious meals.
Oven Roasted Turkey Breast

(Martha Stewart)

Ingredients
5 pound turkey breast, bone-in, rinsed and well dried
1 Tbsp olive oil
1 Tbsp coarse salt
1/2 tsp freshly ground black pepper
1/2 cup water

Directions
Preheat oven to 350 degrees. Fit a small roasting pan with a V-shaped rack. Drizzle oil over turkey breast and season with salt and pepper. Center turkey on rack. Transfer to oven and roast until juices run clean and a thermometer reads 165 degrees when inserted into the thickest part of the breast, about 1 hour and 20 minutes.

Transfer to a platter and let rest for 10 minutes before carving.

To make gravy:
Remove the rack and place roasting pan directly over a burner set on high heat. Add flour to pan and whisk for 2 minutes, scraping up the drippings and incorporating all the juices into the flour. Add water and continue whisking until a smooth gravy forms, about 2 minutes.

Transfer to a gravy boat and serve with turkey.

My name is Garreth Campbell and I was born in Manchester, Mandeville Jamaica. I moved to the United States when I was 3 years old. Even though I live in the United States, I go back to Jamaica to see my family there. Some of my hobbies I like to do are sketching and doing short animations or making pictures. I am 18 years old now and I go to Pittsburgh Science and Technology Academy. When I was in the Phipps summer internship program I learned a lot about Phipps and horticulture. It was a really fun experience and everyone there is so kind. What made me want to do “From the Ground Up” is that it was an extension of the summer program and a chance for me to continue to learn more about horticulture and plants. Even though I’m going to the Art Institute of Pittsburgh to learn media arts and animation, I will take the knowledge I learned and integrate it in my life to keep a healthy diet.

Perception is the assumption on what we think is true. Experience is what we know is real. Let’s not perceive but experience.
Pineapple upside down cake has been a symbol of a good time ever since I have been over my grandma’s house for family gatherings. Something about that cake bring out smiles on everyone faces.

- Heat oven to 350°F. Melt butter in 9x13 pan. Sprinkle brown sugar evenly over butter. Arrange pineapple slices, with cherry in middle, on brown sugar. Arrange remaining cherries around slices; press gently into brown sugar.
- Make cake batter as directed on box. Pour batter over pineapple and cherries.
- Bake 42 to 48 minutes or until toothpick comes out clean.
- Run knife around side of pan to loosen cake. Place heatproof serving plate upside down onto pan; turn plate and pan over. Leave pan over cake 5 minutes so brown sugar topping can drizzle over cake; remove pan. Cool 30 minutes. Serve warm or cool. Store covered in refrigerator.

Hey my name is Ephraim. I’m from Haiti. I came to America when I was 11 years old. I like to play a lot of sports like soccer, basketball and run track. Out of all 3 of them running track is my favorite sport. I choose this recipe because of 2 things. The first thing is that fried plantain with pikliz (and hot dogs if you want) is very popular in the Caribbean especially in Haiti. All Haitians like that recipe. The second thing is that it brings back memories of my grandma. When I was back in Haiti I remember my grandma always makes fried plantain with pikliz and hot dogs for my family and me every Sunday nights. My whole family used to go to my grandma’s house to eat, talk, and tell jokes and stories. My parents and my grandma use to tell stories of their lives when they were young. I like those stories.
Fried Plantain with Pikiz

Ingredients needed for both
Hot sauce, cabbage, lime juice, black pepper, salt, white vinegar, carrots and onions
Plantains, oil, and salt water

1-) Heat up the oil (enough oil that can cover the plantains).
2-) Cut off the ends of the plantains, then remove the skin by running a knife
down the middle and peeling back the skin.
3-) Make a little salt water.
4-) Dice the plantains at a diagonal.
5-) Place the plantains in the salt water.
6-) When the oil is really hot, place the plantains in the hot oil in a single layer
(you may want to move them around a little so they won’t stick to the
bottom of the pan).
7-) Let them fry for 2-3 minutes on each side until golden brown (reduce heat
if they are frying too fast or starting to burn).
8-) When done, let them drain on paper towels.

Pikiz- a hot version of Cole slaw
1-) Put the cabbage, carrots, peppers, and onions together in one bowl.
2-) Put the lime juice, white vinegar, a little salt, and hot sauce over them.
Then let it sit for at least an hour.
Baked Apples
(Adapted from Simply Recipes)

Ingredients
4 large baking apples
1/4 cup brown sugar
1 tsp cinnamon
1 Tbsp butter
3/4 cup boiling water

Directions
Preheat oven to 375°F. Wash apples. Remove cores. An apple corer works well, otherwise use a paring knife to cut out the middle.

In a small bowl, combine the sugar and cinnamon. Place apples in a 8-inch-by-8-inch square baking pan. Stuff each apple with this mixture. Top with a dot of butter.

Add boiling water to the baking pan. Bake 30-40 minutes, until tender, but not mushy. Remove from the oven and baste the apples several times with the pan juices.

Enjoy!

1-2 tomatoes, (peeled if desired), chopped
1-2 onions, chopped
salt and black pepper to taste
1 chili pepper, chopped, to taste

In a separate container combine all other ingredients. Crush and stir them together until mixed thoroughly. Add the other ingredients to the paste and stir to make a smooth mixture.

Roti Bread

Ingredients
2 cups whole wheat flour
1/2 tsp salt (optional)
4 tsp vegetable oil
3/4 cup water
Extra flour in a medium size bowl for rolling and dusting

Directions
In a large mixing bowl, mix the flour and/or salt well. Add water a little at a time to form a medium soft dough. Do not overwork the dough. Add oil to the dough and kneed a little more.

Heat skillet on medium heat.

Divide the dough into golf ball size balls. Dip one ball into the flour to coat and roll it out into a thin disc. Dust with flour to keep from sticking.

Shake or rub off excess flour from the roti and place it onto the hot skillet.

While light spots appear (about 30 sec), flip the roti. Press gently all around the roti with a crumbled up paper towel or clean kitchen cloth. This will help the roti to puff up.

Remove from the skillet as soon as brown spots appear on both sides. Repeat with remaining dough balls. Serve fresh with any dip or curry.

My biggest dream and desire is to travel all over the world someday and learn about different cultures!
One of my favorite foods is...

**Chicken Frittata!!!**

It is delicious (it contains eggs and I'm a hopeless egg lover). It is easy to make, and you can always mix it up by swapping ingredients based on what you like. It also reminded me of my grandmother. She used to make it for us when we lived in Togo (West Africa). Back there we only called it omelet meaning egg in French.

Here is how you make it!!

**Ingredients**

- 4 cups of diced peeled potatoes
- 1 tablespoon of butter
- 2 teaspoons of crushed garlic
- 2 onions diced
- 1 cup self-rising flour
- 2 cups of milk
- 6 eggs
- 1 cup of fresh chopped broccoli
- 1 cup of fresh sliced mushrooms
- 2 cups of shredded cheddar cheese
- 1 cup of cooked diced boneless chicken breast

- First, preheat oven to 350°F or 175°C. Place the potatoes in a medium saucepan with enough water to cover. Then bring to a boil, and cook for 10 min, or until tender. Drain after.
- Then melt the butter in a medium skillet over medium heat and sauté the garlic and onions until tender.
- In a small bowl, mix the flour, milk, and eggs.
- Then in a medium bowl, mix potatoes, garlic, onions, flour, broccoli, cheese, and chicken.
- Finally bake for 25 minutes.

My favorite meal during the program was the Jollof Rice because it's a Nigerian dish and we were working with a group in Nigeria which I found ironic but it was also my favorite meal during the program because it was good and it was a combination of vegetables, rice and meat (which is optional).

The recipe for jollof rice is...

- First boil rice for 20min.
- During the 20min you fry spices which tomatoes, onions, ground garlic, and pepper.
- After the rice is done you mix it with the fried spices and let it cook for another 20-25 minutes.
- The ingredients vary but the main ingredients are...
  - 1 pound of parboiled or jasmine rice
  - 1 can of tomato puree (400 grams)
  - 1 sliced onion
  - 3 garlic cloves
  - 4 teaspoons of olive oil
  - 6 small or 3 large red bell peppers seeded and sliced
  - 1 bunch of thyme with the leaves picked
  - 1 tablespoon of white pepper
  - 8 magi cubes
  - Meat and other things are optional.
Fried Rice

Ingredients

2 eggs
8oz cooked chicken, chopped (optional)
2 Tbsp canola oil
½ cup green peas
1 medium onion, diced
1 green onion
1 Tbsp soy sauce
2 tsp oyster sauce
Salt and pepper

Directions
Wash and finely chop the green onion. Lightly beat the eggs with the salt and pepper.

Heat a wok or frying pan and add 1 tablespoon oil. When the oil is hot, add the eggs. Cook, stirring, until they are lightly scrambled but not too dry. Remove the eggs and clean out the pan.

Add 1 tablespoon oil. Add the rice, peas and chicken. Stir-fry for a few minutes, using chopsticks or a wooden spoon to break it apart. Stir in the soy sauce or oyster sauce as desired.

When the rice is heated through, add the scrambled egg back into the pan. Mix thoroughly. Stir in the green onion. Serve hot.
