

Phipps Conservatory and Botanical Gardens

Master Gardener Program

The mission of the Phipps Master Gardener (MG) Program is to empower highly motivated and trained volunteers to share their knowledge and expertise to assist Phipps in carrying out its mission and build a stronger, more knowledgeable horticultural community, while providing a rewarding and engaging experience in an environment that values and appreciates their contributions.

Master Gardeners volunteer to support Phipps Conservatory in a variety of ways, detailed below:

Support Phipps Education and Outreach Programming

- Staff “Dr. Phipps” phone, email, and tabling efforts
- Volunteer in support of classes, workshops and conferences
- Give public presentations on topics important to Phipps’ mission
- Help plan and support educational fundraisers

Maintain landscape assets at Garden Center and Phipps Conservatory to create a high quality outdoor classroom

- Maintain Phipps demonstration gardens in Mellon Park, as well as related Mellon Park greening efforts
- Maintain beds in Phipps’ outdoor gardens
- Support other Phipps education-focused gardens as needed

Support Homegrown’s community outreach efforts

- Help maintain the community garden at the Homewood YMCA and other off-site gardens important to Homegrown’s work.
- Construct raised bed garden bed sides, fences and other outreach materials
- Volunteer at special events

Volunteer across Phipps to support our organizational mission

- Fill on-going or one-time volunteer roles for Phipps, across the organization, to help fulfill Phipps’ mission.

Phipps Mission: *To inspire and educate all with the beauty and importance of plants; to advance sustainability and promote human and environmental well-being through action and research; and to celebrate its historic glasshouse.*

Please review the application process, course information and program structure outlined below to see if this program is a good fit for you.

Application Process

1) Submit an application: The attached application is our first chance to get to know you, so please fill the application out thoughtfully. **Applications are due Sept. 8, 2022.** You can submit an application by mail or e-mail. *Enrollment in Phipps Master Gardener program is limited, and not every qualified applicant will be able to enroll in the Master Gardener program.*

Mail: Phipps Garden Center, 1059 Shady Avenue, Pittsburgh, PA 15232, Attention: Master Gardener Program

E-mail: edu@hipps.conservatory.org

2) Program Interview: If your application is selected, you will be invited in to interview for the program. We have in-person interview slots reserved from 9am – 4pm on Thursdays, Oct. 20, 27; Nov. 10 and 17.

3) Class Payment: If accepted into the program, you can secure your place by paying \$300, which includes the Master Gardener manual (\$75 value).

4) Submit Proof of Vaccination and Clearances: All Phipps volunteers are required to obtain Act 33: Child Abuse Clearance and Act 34: Criminal Record Check as well as proof of COVID vaccination (hardcopy or scanned). Clearances may be submitted online or by hardcopy. When submitting as a “volunteer”, there is no fee. Generally, it takes 2-4 weeks to receive results.

Master Gardener Application

5) Attend Orientation: This is a mandatory meeting to review expectations for the program, meet fellow classmates, and receive class materials. **The 2023 orientation date is from 9:30 a.m. – 11:30 a.m. on Thursday, March 2 (snow date: March 9), at Phipps Garden Center in Mellon Park (1059 Shady Ave., Pittsburgh, PA 15232).**

Course Information

The Master Gardener class is divided up into two semesters – Spring and Fall – with classes meeting weekly. During the Summer, trainees should volunteer to make sure they accrue enough volunteer hours (36) to graduate.

Class times and days vary each year. **In 2023, the class will meet on Thursdays, from 9:30 a.m. – 12:30 p.m.** A complete schedule will be included as part of orientation, but the semesters will adhere to this general outline:

Spring Semester: Thursdays, March 16 through May 18

Fall Semester: Thursdays, Sept. 14 – Nov. 2

Location: The majority of classes take place at Phipps Garden Center in Mellon Park, which is the center for Phipps' adult education programming. Some classes will take place at the Conservatory and off-site locations.

The core of the MG class is lecture based instruction from an array of knowledgeable instructors on the topics outlined below. Students are provided with a textbook for pre-class preparation, and to keep as a reference. Hands-on and experiential learning are also utilized throughout the class. Students will also be given Phipps-specific training, enabling them to graduate from the MG class uniquely prepared to support Phipps' many educational and horticultural efforts.

Course topics include:

- | | | | |
|---------------------|-------------------|---------------------|--------------------|
| • Soil Ecology | • Indoor Plants | • Herbs | • Native Plants |
| • Botany | • Perennial Fruit | • Pruning | • Landscape Design |
| • Ornamental Plants | • Vegetables | • Plant Propagation | |

Program Structure

Once admitted into the program, there are four expectations you must meet in order to qualify as a Phipps Master Gardener:

1) Class attendance: Due to the self-contained structure of each class, attendance at all sessions is important. If a session must be missed, it can be made up the next year at no additional cost. Students may miss two classes and still receive Master Gardener certification.

2) Tests: Students are tested at the end of each semester. The tests will cover content in the manual, in-class lectures and workshops. Students must attain an overall average score of 75% or higher in order to pass.

3) Independent Project: Students will choose a topic for an independent project that they will work on over the duration of the class and present on to fellow students and guests at the end of the training.

4) Volunteering: Phipps volunteers typically commit to 72 hours of service each year. Master Gardeners **must** volunteer a *minimum* of **36 hours** of approved activities over the course of the calendar year in order to qualify to be a Master Gardener for one year. At least half those hours (18) must be with Phipps. The other half can be volunteered through other horticulturally appropriate activities in the community.

Note: Continuing Education and Volunteerism: After the first year, 12 hours of continuing education and at least 36 hours of volunteerism are required each year to maintain your Master Gardener certification.

We look forward to receiving your application. If you have any questions, please contact us:

Master Gardener Application

MASTER GARDENER APPLICATION

I wish to become a Master Gardener with Phipps and would like to be accepted into the training program beginning in March. I understand that if accepted into the program, I will attend the required classes and agree to donate a minimum of 36 hours of public service in the Master Gardener Program within a year. At the end of a year, if the above requirements are met, I will receive a Master Gardener Certificate.

Each year thereafter, I can renew my certification by completing at least 36 hours of public service in the program and 12 hours of update training.
